2008-2009
"As a K-Kid, I promise to serve my neighborhood and school. I will show respect toward my environment, and will try to make the world a better place in which to live."
Making What I Like about Our Kids
Tracks out being A K-Kid Journey
Our footprints on Our School

By serving others, we leave footprints in the hearts of the ones we touch.

Theresa E. Pettengill, Principal
Patriot’s Day

Terrorists attacked the United States on September 11, 2001. The terrorists crashed two airplanes into the World Trade Center’s twin towers in New York City, and a third into the Pentagon, the headquarters of the U.S. Department of Defense, in Virginia. In an attack on the U.S. Capitol building, a fourth airplane kept the plane from crashing into its original target, the White House in Washington, D.C. In addition, a fifth plane crashed into a Pennsylvania countryside, killing all passengers on board.

What happened? President George W. Bush called on every American family to support a National Day of Prayer and Remembrance, honoring the memory of the thousands of victims of the attacks.

On October 28, 2001, the U.S. House of Representatives voted unanimously to make September 11 a “Patriot’s Day” and to include September 12 as well. Each year, September 11 has been observed and honored as a day of remembrance, known as “Patriot’s Day.” President Bush declared that the American flag is to be flown at half-staff at all government buildings, post offices, and on all U.S. government buildings. The President also asked Americans to observe a moment of silence and remember the victims of the September 11 attack.

Welcome to our annual Patriot’s Day Celebration at Shooch Elementary School.

HOMEWORK

2+2=4

On 10/26/09, the K-Kids Club continued their service project started last year called Homework Helpers. Each Wednesday afternoon, the K-Kids stay after school for an hour long session to help other students with homework difficulties. The K-Kids served as peer tutors and drilled students on their homework assignments.

They also used flash cards to help them learn more and make the tutoring more engaging and fun. Students were open to any student at the school and welcomed assistance. We also used flash cards to help them learn more about their subject matter and practice,
Choosing What's Right
Respecting Elders

Good morning - name of school. This is - name of version with the words of wisdom.

Sophocles (SOFF-ee kles) was an ancient Greek writer. He wrote about heroes whose lives ended in failure. If Sophocles had lived in our time, he might have written about the tragic and tragic. He is the 12th of Dr. Martin Luther King, Jr.

Here's what Sophocles has to say to us today:

It would be perfect if we always knew what was the right thing to do, but, because we don't always know, we should learn from the people who can teach us.

Sophocles is saying we need to pay attention to those who can teach us right from wrong, whether it's our parents or our spiritual leaders or our school counselors or our teachers. Learning right from wrong is an important part of learning to be the very best you can be.

With something to think about this is - name of version. What did you think, or not? The choice is yours.

02/27/2010
Wisdom

Each morning, one of our R-Kids closes our school’s morning announcements with a character education reading called “Words of Wisdom.” Each reading is designed to uplift and encourage our Students and staff to demonstrate good character and a positive attitude, and to be the best they can be in everything they do. They are reminded to...

“make it a great day or not...the choice is yours.”

Compassion
Respect
Courage
Tolerance
Generosity
RED RIBBON WEEK

Each year, our school, along with schools across the nation, celebrate a week of alcohol, tobacco, and drug awareness known as Red Ribbon Week. Our Ki-Kids assisted during this week by helping to decorate the school with awareness posters, cooking, parading and distributing theme bags for each student every day of the week, and acting as leaders and role models in the school by enthusiastically participating in all the activities of the week.
Movin' on up!

Angier Elementary is in the process of building a new school, which we will move into at the beginning of the next school year. Therefore, everything in the old school has to be packed up and put in storage. The K-Kids are helping to pack up the Media Center, and will be helping teachers pack up their classrooms.
Our Footprints

Footprints in the sand fade and wash away; footprints on the hearts of others last forever.

Amy Girls
K-Childs Advisor

on Our Community
The K-Kids participated in the Angier Christmas Parade with The Harrells General High School Key Club and the Amston Club. We walked in the parade and afterwards, walked back along the route, picking up parade trash. We had a great turnout, with about 15 of our 40 members participating. Before the parade, club members made posters identifying us as K-Kids, and also fabric painted stockings which we filled with candy to hand out at the parade.
The Gifts
Of The Season
Angier Elementary spreads the joy of Christmas

Angier Elementary students have been spreading Christmas cheer to those in need in the Angier area. The project is all part of the K-34: Elf Club. Students of the K-34: Elf Club displayed a Giving Tree with the names and wish list of the family members and also collected food for families and the Angier Food Bank. Amy Jacobs, guidance counselor for Angier Elementary, helped organize the project. Students fill envelopes with the names and wish list of the family members and also collected food for families and the Angier Food Bank. Amy Jacobs, guidance counselor for Angier Elementary, helped organize the project. Students fill envelopes with the names and wish list of the family members and also collected food for families and the Angier Food Bank.
The K-Kids were able to assist at the Angier Food Bank on several Wednesday afternoons this year. We helped unpack food boxes donated by various organizations, including our own school, and organize and shelf items for pick-up. We also got to help the Food Bank move from one location to another, which was a lot of work, but we had a great time! It feels extra special to know we are helping others in our community.

Our Footprints

Fundraising

Small deeds today are the foundation for tomorrow's dreams.
Scarin' Up Change
For UNICEF

On Halloween night, about 20 members of our K-Kids Club dressed up as ghosts and goblins and went “Trick or Treating for UNICEF”. Kiwanis International is an active participant in this fundraiser that benefits orphaned children in Swaziland through the Swazi Children Care Project.

By collecting money as we Trick or Treated on this night, we, in our own small way, helped provide healthcare, food, and a safe living environment to the 43% of children in Swaziland who have lost one or both parents to HIV/AIDS.
During the year our club decorated and sold baked goods and ran a campaign to involve the community in donating to the Duke Children’s Miracle Network. Although we did not collect a huge amount of money this year, every little bit counts and our community can be proud of what it does to help others.
poppin' it for the ronald mcdonald house
This year our club has led our school in the collection of pop tabs from canned drinks for the Ronald McDonald House program. This program provides housing for the families of children who are hospitalized with serious illnesses and live a great distance from the treatment facility. The Pop Tab fundraiser enables the RMH, Inc. program to make improvements to existing homes and build new ones. They are currently trying to build a new Ronald McDonald House in Chapel Hill, NC, and we want to help!
Gettin' fo Cystic

This year we were asked to participate in a fundraiser for Cystic Fibrosis. This involved selling paper dolls, which we then displayed in our town’s public library. Although not all of our kids were able to participate, we sold over 200 paper dolls, which brought in $200.00.
Dolled Up For Fibrosis

Joined Hands To Find A Cure
Kiwanis Family Footprints
During the year, our K-Club has made several community service connections. These have included our Charter Dinner with the Kiwanis Club of Amelia, Angler Elementary's Annual Fall Festival Day, in which several Kiwanis members participated. Trick or Treat for Unicef, which is supported by Kiwanis International, the Angler Christian Church with the Harriett Central High School Key Club and Harriett County Action Club, our Angel Giving Tree, which the Kiwanis Club supported by purchasing presents for kids, and the Angler Food Bank where our K-Club have worked directly with the Kiwanis Club to organize and ship food items donated to them. We enjoyed all of these joint activities and look forward to starting more in the future.
Our Miscellaneous Footprints

Walk with me for just a little bit, and your footprints will be forever mingled with mine.
